Re Bristol Bay final assessment release statement -- my suggestions attached. Recall there is some sensitivity from senior folks regarding use of word "final".

Suggestions for revision attached.

Marianne, I tried to smooth out the sentence in question. I've attached an updated version of the statement.

I'd like to see if it's possible to get this out today or tomorrow. What do you think, team? I've attached a brief communications schedule and the revised statement.

The only unanswered question is, do we need to make any stakeholder calls before sending this statement out?

Hanady

I think it's good. The second sentence of the second graph is a bit clunky, but it looks like it's straight out of the letter, eh?

Marianne,

I incorporated what language we have (from the Congressman Broun letter) on the additional peer review. We haven't hammered out specifics, so I think this is as much as we can say at this point. Let me know if you have any thoughts.
